60 to 70	Tap Water only (ph 7.3)										

TaNgs NEW improved Feeding Schedule.

I've developed this schedule since I've been using the Rebel upgrades in my lights and I've had faster,bigger and stronger bud than before.

My tap water has a PH of 7.4 and is magnetised https://www.autoflower.net/forums/f1...ter-25441.html all measurements given are added to 5L of water which is then sat out for 24hrs so if you want the per 1L measurements just divide by 5.

The amount you water is something you will have to dial in I now water daily through early veg then every 12 hours through stretch and bloom...I never water to run off, I don't check PH but that's because I know my feed is always 6.6 after adding nutrients. This schedule is also based on Plagron light mix as the medium and I wouldn't recommend trying it with another. All nutrients are Advance Nutrients except for calmag which is Plant Magic and schedule is based on a 70 day plant.

Days 1 to 10 - plain tap water (PH 7.4)

Days 10 to 15 - 5ml Sensi Grow A, 5ml Sensi Grow B, 5ml Voodoo Juice.

Days 15 to 20 - 6ml Sensi Grow A, 6ml Sensi Grow B, 5ml Voodoo Juice, 5ml Carboload.

Days 20 to 25 - 7ml Sensi Grow A, 7ml Sensi Grow B, 5ml B52, 5ml SensiZym, 5ml Carboload, 5ml RhinoSkin.

Days 25 to 30 - 8ml Sensi Grow A, 8ml Sensi Grow B, 5ml B52, 5ml SensiZym, 5ml Carboload, 5ml RhinoSkin.

Day 30 - Flush medium of mineral build up by passing water through soil,I will use water straight from the tap no sitting out and I will put 40L through my 15L pots with the last 5L containing 5ml Sensi Bloom A, 5ml Sensi Bloom B and 5ml Voodoo juice. The medium will not need watering on day 31.

Day 32 to 35 - 9ml Sensi Bloom A, 9ml Sensi Bloom B,5ml Voodoo Juice,5ml BigBud, 5ml Carboload,5ml Calmag.

Day 35 to 40 - 10ml Sensi Bloom A, 10ml Sensi Bloom B, 5ml Voodoo Juice, 5ml BigBud, 5ml Carboload, 5ml Calmag.

Day 40 to 45 - 10ml Sensi Bloom A, 10ml Sensi Bloom B, 5ml B52, 5ml BigBud, 5ml Carboload, 5ml Calmag.

Day 45 to 60 - 10ml Sensi Bloom A, 10ml Sensi Bloom B, 5ml B52, 5ml Overdrive, 5ml Calmag, 10ml Carboload, 10ml Bud Factor X.

Day 60 to 70 - just water with un-PH'd water.
